McHale Has Some Promising Missouri-Bred Youngsters.

EPURIJC SPECIAL.

Memphis, Tenn., Dec. 31.—Of the coming emphis, Tenn., Dec. 3.—of the comments arould belonging to Brewer Schorr at atgemery Park thirteen are colts, ten of the have already given indication of receivery maintained about their eding, and beyond a word or two of inbreeding, and beyond a word or two of information in regard to the sire of each neither. Mr. Schorr nor George Walker will talk obnecerning them. There are five by Lord Esterling and one by Linden—imp. Penimah that attract attention in their work and good looks. The latter is a half-brother to W. Overton and Rab. The dam of this coil has thrown all winners and he has been entered in the prominent events East and West, besides the Louisville. Tennessee, American and St. Louis derbies for 1902.

East and West, besides the Louisville, Tennessee, American and St. Louis derbies for 1802.

Of the other horses Silverdale stands above them all in his winter weight. This son of Faverdale has grown and looks large and heavy. Lady Schorr shows little of the effect of her summer campaign East and West. She will be given a special properation for the Tennessee Oaks, for which she will have as rivals Miss Bennett and Queen Dixon. Alard Scheck appears a trifle light, but is reported doing weil, as are all of the Schorr horses. Timemaker, Sam Phillips. W. Overton and Streamer will rest until late in the season. Streamer and Overton are at the Crowley farm near St. Louis and will very likely face the starter's flag first at Washington Park.

Every effort is being made by the Schorra to secure a first-class jockey to succeed T. Burns, who has signed with W. C. Whitney for the next year. J. Miller, the boy now riding for them at the Frisco tracks, has proved that hie is a rider of no mean ability, but it is a well-known fact that the Schorrs would give a round sum for the services of another light weight of the Burns caliber.

Near the Schorr learn at Montgomery Park and occupying the stalls that were once filled by Ornament, May Hempstead, Suisan, Howland and the illustrious Hamburg is the racing cetablishment belonging to Robinson & Co., including John Yerkes, Larkspur and a number of young Scorpions, coming 2-year-olds, that are yet untried. The best-looking one in the lot is a cold by Scorpion out of Hanselle that is said to rank giong with the best in the trial work.

a colt by Scorpion out of Hanselle that is said to rank along with the best in the trial work.

The racing string of G. C. Bennett is at the Bennett farm, a short distance from Montgomery Park. Among those that are in winter retirement is Miss Bennett, who will likely divide the attention of those who are debating the question of 2-year-old supremacy among the fillies. Miss Bennett distinguished herself last spring at the local track when she picked up 113 pounds and negotiated four and a half furlongs in 185%, breaking Bannockburn's record. She also tied the long-standing record made by Gleaner when she negotiated five furlongs in 180%. These performances alone stamp her as a filly of high class. Henry McDanleiz, the trainer of the stable, is now in New Orleans with a small part of the Bennett string, but early in January he will proceed to Little Rock with both the younger and older divisions, where training in earnest for the coming season will begin.

Chinn & Forsythe have a large stable, with Duelist and Propeller as the most prominent members. The stable is in chager of Raleigh Colston. T. J. McHale also possesses some promising timber in year-lings, one especially, by Siddartha, out of the dam of Belle of Memphis, being built on racing lines. Our Nellie and Belle of Memphis heing built on racing lines. Our Nellie and Belle of Memphis have been turned out and will not be raced until late in the spring. John McHale, the aged breadwinner in this racing string, whom has heredofore hear referred to as the Hindoo of the St. Louis tracks of 98, has also been turned out. His owter no longer refers to the old campaigner as the St. Louis Hindoo, but as the Memphis hoodoo of 1900, owing to a series of cases in chancery which involved the ownership of the horse, the costs finally aggregating an amount that would possibly purchase a carload of Johnny McHales.

COLLIE CLUB'S BENCH SHOW-TO-DAY Fine Lot of Dogs Will Be on Exhibi-

tios.

The St. Louis Collie Club's annual bench show will take place to-day at the Pastime Hall, No. 911 North Vandeventer avenue. All the best dogs in St. Louis are entered and a splendid exhibition of blue-blooded canines is promised. Several promising young coilles by Domino II, Major Victor and other crack dogs owned in this city will be shown for the first time. B. Van Blarcom is said to have a fine one in Society Belle, by Domino II. The latter is the dog G. Lacey Crawford brought to St. Louis, Mr. Crawford paid a fancy price for Domino II, who has stred some of the finest young tollies ever bred in the West. Miss Jessie Burdeau of No. 2722 Russell avenue is said to have a fine young dog in Bun Hur, by Major Victor.

Managed American's English Stable.

REPUBLIC SPECIAL.

New York, Dec. 31.—It being generally understood that Mr. William C. Whitney and the late Lord William Beresford had formed a racing partnership, Mr. Whitney was asked to-day how the death of Beresford would affect the strategement.

"I was greatly shocked to hear of Lord William Beresford's death," said he. "It was so sudden, and when I last saw him he seemed to be enjoying such perfect health. My horses will all race in my own name. So, of course, his death will not interfere with my plans, except that we were employing John Huggins together and Lord William would have managed my stable."

REPUBLIC SPECIAL.

Chicago, Dec. 21.—By permission of the authorities of the various Chicago racing organizations it has been possible to ascertain the exact winnings during the racing senson of 1990. It makes a goodly showing for the Chicago racing field, the sagregte being as follows:

102129

This is a grand exhibit, but it is more than probable that it will be greatly exceeded in 1901. Washington Park will increase its aggregate to the extent of fully \$50,000, and fiarlem and Hawthorne have announced that they will make generous advances over this year. One, possibly two, new tracks will bid for patronage and, all together, it appears to be well within bounds to say that the Chicago field will yield over \$700,000 in the course of the new year.

LAST RACE OF THE CENTURY.

It Was Won by Wyoming, With Dominick Up-Bungling Start in Fourth-List of Winning Stables.

REPUBLIC SPECIAL. San Francisco, Cal., Dec. 31.-Wyoming, with Dominick up, won the last race of the entury at Oakland to-day. It was a mile affair with six starters, Flush of Gold being the favorite. Flush led to the quarter pole, where Wyoming took up the running and won all the way to the wire in a drive. Hor-ton was second, Flush of deld was badly bumped on the last turn, but finished third. The other feature of the day was the dis-graceful showing of Bangor in the fifth race. He was a strong favorite at even money, but sulked at the start and, in spite of the vigorous lashing administered by

Rullman, refused to run and finally stopped altogether. The stable of Sam Hildreth was suspended pending an investigation, owing to the showing made by Bangor. It was thought he sprained his back, and Builman cainted Koenig struck him. A veterinary surgeon reported to the judge that the only thing he could find was that the horse

thing he could find was that the horse was greatly distressed. Bangor opened at 4 to 5, received to 8 to 5 and was then backed to even money.

flying and led all the way, beating Grafter two lengths, Flatterer was half a length back.

Silurlan was the choice of the talent in the third, but Bard of Avon got the best of a bad start and won with plenty to spare. Haviland ran to his notes and got the place, while Broadbrim, a 190 to 1 chance, came fast at the end and beat Silurian for the show.

A bungling start marred the fourth event. Amasa, a 20 to 1 shot, led till the flead of the stretch, but Builman, on Gibralar, managed to get up and win out by half a length in a drive. Socialist beat Amasa for the place. Tim Murphy bid up Gibraliar to 1800, or \$400 above her entered price, but Hildredth retained him.

W. B. Jennings leads in the list of winning owners racing here, but during the Tanforan meeting three other stables increased their winnings here materially by capturing the Christmas Handicap with Edde Jones, Burns & Waterhouse passed Hildredth, who was second on the list, and now have to their credit \$11.120 in purses.

In the last helf of the match Gibson lost one skate while running on the sideboards and was out of the game. That he was the hero of the evening was shown by the shouts of the audience, who wanted time taken cut while the Canadian star could get a new skate. This was not done, of course, but another Berlin man replaced him while be secured another steel runner. The team which represented Canada in last night's game is not by any means representative of that country in hockey. Gibson is the only man on the seven who could make a good team over there. A Canadian, who is in the city on business, watched the game and stated that he lived only ten miles from Berlin and took a deal of interest in hockey, but had never heard of the Rangers as exponents of that game. They are clever football players, but do not class high as experts in the great ice game.

Chicago Race-Track Starters Slated to Work at the Fair Grounds This Year.

DWYER PRACTICALLY ENGAGED.

Abe Cahn's Derby Candidate, Ampere, Is Wintering Nicely-Thrive Has Been "Fired" -Local Turf Gossip.

Dick Dwyer and Jake Holtman will in all probability work alternately every two weeks as starter at the Fair Grounds next year. They work under the same arrange-ment at Chicago, Dwyer officiating at Harlem while Holtman sends them off at Hawthorne. The Fair Grounds would prefer to have Dwyer for its entire season of ninety days, but Harlem has first call on his zervices. When not working at Harlem Dwyer is willing to come here. Mr. Dwyer's terms have been accepted by the Falr Association, and Secretary J. A. Murphy is in San Francisco and has been authorixed to close a contract with the starter. Dwyer is doing the starting at the Tanforan track this winter. Jake Holtman's engagement is still being

onsidered by the Fair Association. He is a St. Louis boy, and was a well-known amateur hoxer before he went on the turf. Hollman made his debut as a starter at the Newport track, near Cincinnati, years ago, and afterwards worked on the Cana-dian circuit. His work at Hawthorne last scason is said to have been good. He has been starting the horses at New Or-leans this winter, in the absence of Chris Fitzgerald, who came near dying wiin pneumonia. It is pretty certain that Holt-man will be engaged, for the simple feaon that no other man eligible to the position can be found. Race-track starters are pretty scarce right now. Billy Bruen, who pretty scarce right now. Billy Bruen, who started the horses on the big St. Louis track last year, has no chance of being re-engaged, according to President Spil. Clem Creveling would like the job, but he has no chance to get it. The Chinns-father and son-are also out of the race. This leaves the field clear for Holtman, unless a newcomer in this part of the country, like Mars Cassidy, should capture the job. Cassidy acted as starter on one of the Canadian circuit tracks last season.

The Cahn brothers have just finished a new \$10,000 barn on their farm in St. Louis County, which will accommedate forty head of thoroughbreds. The Cahns removed all their horses from the Fair Grounds to their farm early last month. Thrive, the star performer of "Lew" Cahn's string, was "fired" by Doctor C. W. Crowley last Saturday. This is an operation on the animal's legs for the purpose of strengthening them so that the horse can stand training. Doctor Crowley assured Mr. Cahn that Thrive will probably train again the coming season. Abe Cahn's coit, Ampere, is wintering nicely. He is a 3-year-old, and is a splendid looker. Mr. Cahn thinks he has a fine Derby prospect in this coit. Verify is also doing well. "Lew" Cahn's pair of 3-year-olds, Sard and South Breeze, are both in excellent singe. South Breeze, has taken on flesh, but failed to grow much. Both the Cahn brothers have good-looking 2-year-old prospects. "Lew" Cahn has four youngsters by St. Julien, a son of St. Blaise, that reflect great credit on their sire, who is a young horse in the stud. All four juveniles are out of well-brei mares, and may develop into useful race horses.

Contrary to general opinion, the death of The Cahn brothers have just finished a

Richard Croker's American racing interests probably will be larger next season than they have been at any time since first he went on the turf. Politics will keep Mr. Croker in this country throughout the next racing season, and his colors will be seen frequently. His colts, Bellarlo and Beau Gallant, are being entered freely in the s-year-old stakes and handicaps to be decided on the New York tracks in 1901. Bellarlo and Beau Gallant will form a strong foundation for the stable which the Tammany Chief hopes to build up. Last season Hellarlo was at the head of the second division of 2-year-olds and was a factor in a majority of the races in which he started. Beau Gallant was a useful performer. His chief claim to distinction its in his fluke victory over Commando in the 190,600 Matron Stakes, run at the fall melling at Morris Park If Beau Gallant can make his Matron victory good in a true-run race he will sweep the boards, but the chances are that he canont do so. Defeated the Association Football Players by One Score at Hockey. Seven members of the Berlin Ranger football team defeated the Associated Football Clob in a hockey match at the Ice Palace last night by the score of 2 to 2. Incidentally they gave the St. Louis players all the roughing they could attend to.

Great things were expected of the Canadians on skates, but it turned out that the majority of them were playing on the reputation that is given all men from over the border in the way of ice sports. Gibson and Boehmer were the only ones who played a good game, and Harry Kleiey proved that he was the superior of any man in the game with the exception of the great Gibson. The latter dribbled the puck at will, regardless of the fact that he was tripped many times and on one occasion had as many as five of his opponents' sticks under his skates.

The local seven started off great guns and scored two goals before the Canucks realized that they would have to be rough—in fact, very rough—if they hoped to break even. They appealed to Referce Gorman on many fouls, but the latter lived up to the rules as they are interpreted in St. Louis and told them to play the game.

The first score of the St, Louis seven was made on a long pass by Ross from the corner of the rink to Josh Lewis, who was directly in front of the goal. He shot it through in clever style. A few moments later Ross made a fine shot from near the center of the rink to Josh Lewis, who was directly in front of the goal, the shot it through in clever style. A few moments later Ross made a fine shot from near the center of the rink. With the score at 2 to 0, the spectators thought that the visitors must be counterfeits, but they came strong towards the close of the haif and kept the puck in St. Louis's territory, Siebert got the puck at the center of the lee and carried at great speed right to the goal, where he shot it in so fast that Tozier had no possible chance to stop it. The half ended with the Canadians playing just about as desperately with the score by almost breaking the screen, such was the force of his shot.

H ball team defeated the Associated Football Club in a hockey match at the Ice Palace

but the chances are that he canont do so.

The stable of M. Murphy, wintering near Oceanport, N. J., under charge of W. M. Rogers, housts of a couple of youngsters that promises to develop into race horses. They are the chestnut colt by Goldfinch out of Yum-Tum and the bay colt Requital, dam Wanton Raffaclo and Kensington, also members of the Murphy stable, are expected to show much improvement in form. Mr. Rogers expects to race these horses on the St. Louis tracks next season.

CYCLISTS MEET CANADIANS.

Kane May Play With the Locals, but Madigan Will Not.

Kane May Play With the Locals, but Madigan Will Not.

The Berlin Rangers will play a game of association football against the Cycling Club eleven at Athletic Fark this afternoon. This match will wind up the zeries of games which the Canadians contracted to play in St. Louis. Considerable local interest is taken in the match, aside from the international aspect of the game. As the C. B. C. team has already beaten the Rangers and is tied with the Cyclisis in the race for the banner, the "rooters" of each club will be out strong.

The local eleven have depended upon Jack Madigan to aid them to victory in the game this afternoon, but he will be unable to take part, as he broke a tendon in a hockey game at Toronto on Christmas Day. Billy Kane may play on the wing with Jimmy Daly, but there is some doubt on this point, as President Gillespie is averas to allowing men to quit the league and return at will, if Kane plays, it will make a deal of difference in the result, Kane and Daly are the greatest pair of forwards in St. Louis right now, and do not have to resort to rough play to score a goal every now and then.

Captain Jarrett says that his men will play the same style of game as that which won for C. B. C. on Bunday, and that the Canadians will have to mix it up all the way through if they hope to win.

If the Cycling Club would return to the clean style of play which won it so many friends several years ago. St. Louisans would be given a treat in the way of scientific football this afternoon, as the Canadians are not only willing, but saxious, to play the game according to the strictest interpretation of the rules.

Harry Kleiey, the star half back of the Shamrocks, will replace Harris in that position for the Cyclists to-day.

After the conclusion of the conference

President Hickey talked freely on baseball

President Hickey ta'ked freely on baseball matters.

"The National League," he said, "has turned over to us the territory which comprised a part of the American League last year—Kansas City, Minneapolis and St. Paul—and we intend to occupy it.

"I want to state emphatically that the Western League will play hall in Kansas City the coming season. Mr. Tebeau has leased a splendid park there, admirably located, right opposite the Courthouse.

"It is true that some obstacles have been thrown in the path of our league, but I am firmly of the belief that the only Western League next senson will be the one that was organized in this city a year ago. As a matter of fact. I think the war clouds that are obscuring the baneball horizon, both East and West, will blow away."

Relative to the circuit question, President Hickey stated that he was quite at sea.

"The granting of franchises to Kansas City, Minneapolis and St. Paul." said he. "and the enlargement of the circuit from six to cight cities will necessitate the cancelling of the franchise in one of last year's cities. Which one this will be I do not know. There is no authority for the statement that it has been decided to drop Sioux City or Des Molnes or Pueblo. Reports to that effect have been circuited from time to time, but that question will not be settled until the league holds its circuit meeting, which will probably be in the near future.

"It is true that Indianapolis and Louisville are negotiating for franchises in the Western League. Their admission would probably mean the dropping of Denver and Pueblo, as a circuit with Pueblo on the west and Indianapolis on the east would be too unwieldy. However, this procosition is one that the league must take up."

President Hickey stated that he had determined to move to Kansas City, as has been reported. He left to-night for St. Paul and Minneapolis.

JEFFRIES TO BEGIN TRAINING.

JEFFRIES TO BEGIN TRAINING.

Will Abandon His Theatries! Tour at the End of This Week.

REPUBLIC SPECIAL.

New York, Dec. II.—James J. Jeffiles, the heavy-weight champion pusilist, made a flying visit to this city to-day from Resion. The object of his trip was to conferwith his manager. William A. Brady, in regard to the training quarters for his battle with "Gus" Rublin, to take place before the Saengerfest. Athletic. Association of Cincinnati on February 15.

After the conference the champion announced that he will abandon his theatrical tour in Philadelphia on Saturday next. Immediately after the performance he will remain for one week. After a rest at the seashore he will proceed to West Indeen, Ind., and train for the Cincinnati meeting until a few days before the contest takes place.

In reply to a question about his physical.

until a few days before the contest takes place.

In reply to a question about his physical condition, the big California bollermaker said that he was in very good shape.

"My right arm, which I burt in the battle with Sharkey, is gradually getting into its normal condition," said Jeffries, "It still needs a little treatment, and that is why I have selected West Baden as a most desirable place for me to train. By the time I put on the gloves with Rublin I expect it will be in perfect working order."

The big fellow expressed the greatest confidence in his ability to successfully defend the heavy-weight championship against Rublin next month. He said that he did not expect an easy victory over the "Akron Glant," whom he regards as a very clever and shifty boxer. He, however, expects to knock Rublin out inside of the prescribed limit—twenty rounds.

Jeffries's principal trahers and advisers during the time of his preparation for the fight will be "Bob" Armstrong, the colored heavy-weight puglist, and Jeffries's brother "Jim."

"Tommy" Ryan, who has heretofore su-

MANY TRAP-SHOOTING CONTESTS.

MANY TRAP-SHOOTING CONFESTS.

Nine Events Will Be Contested at Du Pont Park by Experts.

Expert trap shots will inaugurzie the new century with the best shooting tournament that has been held in St. Louis for a long time. The morning will be devoted to target matches. Six events will be shot at the blue rocks, with good prizes for first and second high gun in each.

Three live-bird shoots will be given in the afternoon, beginning at 2 o'clock. The most important of these will be the contest for the Du Pont Park medal, a costly emblem which has been donated by Dave Elliott and is to be shot for in open matches each two weeks. The first shoot for this trophy will take place at Du Pont to-day, with all of the good trap-shots in the city entered. The event is at ten live birds to the man, ties to be shot off in miss-and-out matches.

A sweepstakes at fifteen live birds will follow, with about the same men contesting.

The challenge match between Ed Prendergast and Doctor W. S. Spencer for the Mermod trophy will also be shot at Du Pont to-day. The doctor won the emblem from Henry Griesedleck a week ago last Saturday, and will have to shoot right to the mark to continue in possession of the title of State champion when he goes to the traps with Prendergast.
